

## Hooray for Holiday Club!

We aim for Holiday Club to be as fun and relaxed for the children and for you!

### Dropping off and Picking up -

From 8am to 9.30am we will be playing on the wooden playground, go karts and playhouses. Please come through the green gate, past the blue tractor and to the right at a time to suit you. In rainy weather we will be drawing and playing games in the soft play barn -right next to the blue tractor.

At 9.30am we will make a pick up at the staff car park gate by our sign ... before the adventures begin.

At 3.30 we will make a drop off at the staff gate.

From 3.30-5pm we will be either in the soft play barn by the blue tractor or back on the wooden playground.

Come and find us at a time to suit you.

### What to bring -

We will supply lots of drinks and snacks throughout the day. It is good for the children to wear lots of synthetic layers. We will have spare waterproofs which can be borrowed, extra gloves, jumpers and hats. Even though snow boots and walking boots can be warmest, wellies are the most versatile and so we recommend wellies with extra fluffy socks!

Children will get muddy! *Gloves may not come back!*

Children get peckish when they are outside all day - a substantial lunchbox is a good idea!

We have a trolley which we can pile lots of things into but it is still a good idea that children can carry their own things in a rucksack if possible.
